### **DETAILED ACTION**

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 34-47 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 34-40, claim 24 recites in lines 1-2, '...a method for the generation of data packets...' Applicant then performs a series of steps but never actually generates data packets.

Regarding claims 41-43, claim 41 recites in lines 1-2, 'A system for generating data packets...' Applicant then includes several means but never actually generates data packets.

Regarding claims 44-45, claim 44 recites in lines 1-2, 'A system for the processing of data packets...' Applicant then includes several means but never actually processes data packets.

Regarding claims 46-47, claim 46 recites in lines 1-2, 'A method for the selection by a downstream device...of data packets...' Applicant then includes a series of steps but never actually selects data packets by the downstream device.

***Allowable Subject Matter***

4. Claims 34-47 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
